

# SMETA Corrective Action Plan Report (CAPR)

Version 6.1

		Aud	dit Details			
Sedex Company Reference: (only available on Sedex System)			(only available	nly available on Sedex		77648
Business name (Company name):	Knit Horizon Limited	d				
Site name:	Knit Horizon Limited	d				
Site address: (Please include full address)	Holding No -110, Block-E, Boherar Chala, Gelaberid, Sreepur, Gazipur		Country:		Bangladesh	
Site contact and job title:	Mr. Md. Noor Kashem - Asst. Manager (HR and Compliance)					ince)
Site phone:	+8801729-809538		Site e–mail:		compliance@knithorizon.com	
SMETA Audit Pillars:	∑ Labour Standards	Safe	ealth & ty (plus conment 2- c)	Environ 4-pillar	ment	□ Business Ethics
Date of Audit:	05 January 2023					
	y Name & Logo: angladesh Ltd.			·		er (payer): Limited

Audit Conducted By							
Affiliate Audit Company		Purchaser		Retailer			
Brand owner		NGO		Trade Union			
Multi– stakeholder			Combined Audit (select all that apply)				

# **Audit Content:**

- (1) A SMETA audit was conducted which included some or all of Labour Standards, Health & Safety, Environment and Business Ethics. The SMETA Best Practice Version 6.1 (March 2019) was applied. The scope of workers included all types at the site e.g. direct employees, agency workers, workers employed by service providers and workers provided by other contractors. Any deviations from the SMETA Methodology are stated (with reasons for deviation) in the SMETA Declaration.
- (2) The audit scope was against the following reference documents

# 2-Pillar SMETA Audit

- ETI Base Code
- SMETA Additions
  - Universal rights covering UNGP
  - Management systems and code implementation,
  - Responsible Recruitment
  - · Entitlement to Work & Immigration,
  - Sub-Contracting and Home working,

# **4-Pillar SMETA**

- 2-Pillar requirements plus
- Additional Pillar assessment of Environment
- Additional Pillar assessment of Business Ethics
- The Customer's Supplier Code (Appendix 1)
- (3) Where appropriate non-compliances were raised against the ETI code / SMETA Additions & local law and recorded as non-compliances on both the audit report, CAPR and on Sedex.
- (4) Any Non-Compliance against customer code shall not be uploaded to Sedex. However, in the CAPR these 'Variances in compliance between ETI code / SMETA Additions/ local law and customer code' shall be noted in the observations section of the CAPR.

# **SMETA Declaration**

I declare that the audit underpinning the following report was conducted in accordance with SMETA Best Practice Guidance and SMETA Measurement Criteria.

- (1) Where appropriate non-compliances were raised against the ETI code / SMETA Additions & local law and recorded as non-compliances on both the audit report, CAPR and on Sedex.
- (2) Any Non-Compliance against customer code alone shall not be uploaded to Sedex. However, in the CAPR these 'Variances in compliance between ETI code / SMETA Additions/ local law and customer code' shall be noted in the observations section of the CAPR.

Any exceptions to this must be recorded here (e.g. different sample size): The audit duration took more time than expected as the support of facility management was very prompt and very transparent during the audit process.

Auditor Team (s) (please list all including all interviewers): Mohammad Abul Kashem-Asst. Manager (RA 21702386), Mohammad Waliullah–Auditor (ASCA 32200022), Apurba Das - Auditor (ASCA 32200016) and Nusrat Karim Turna- Auditor (ASCA 32200486)

Lead auditor: Mohammad Abul Kashem

Team auditor: Mohammad Waliullah, Apurba Das and Nusrat Karim Turna

Interviewers: Mohammad Abul Kashem, Mohammad Waliullah, Apurba Das and Nusrat

Karim Turna

Report writer: Mohammad Abul Kashem Report reviewer: Mohammad Waliullah

Date of declaration: 05 January 2023

Note: The focus of this ethical audit is on the ETI Base Code and local law. The additional elements will not be audited in such depth or scope, but the audit process will still highlight any specific issues.

This report provides a summary of the findings and other applicable information found/gathered during the social audit conducted on the above date only and does not officially confirm or certify compliance with any legal regulations or industry standards. The social audit process requires that information be gathered and considered from records review, worker interviews, management interviews and visual observation. More information is gathered during the social audit process than is provided here. The audit process is a sampling exercise only and does not guarantee that the audited site prior, during or post–audit, are in full compliance with the Code being audited against. The provisions of this Code constitute minimum and not maximum standards and this Code should not be used to prevent companies from exceeding these standards. Companies applying this Code are expected to comply with national and other applicable laws and where the provisions of law and this Code address the same subject, to apply that provision which affords the greater protection. The ownership of this report remains with the party who has paid for the audit. Release permission must be provided by the owner prior to release to any third parties.

# **Audit Parameters**

Audit Parameters

B: Number of auditor days used:	3.7 Man-days (4 Audi	tors in	one day)				
C: Audit type:	Full Initial Periodic Full Follow-up Partial Follow-Up Partial Other If other, please define:						
D: Was the audit announced?	Announced Semi – announced Unannounced	:winc	dow detail: 4 we	eeks			
E: Was the Sedex SAQ available for review?	☐ Yes ☐ No If No, why not: Facility could not fill up Sedex SAQ due to some technical issues.						
F: Any conflicting information SAQ/Pre-Audit Info to Audit findings?	☐ Yes ☑ No If <b>Yes</b> , please capture	e deta	il in appropriate	: audit	t by clause		
G: Who signed and agreed CAPR (Name and job title)	Mr. Md. Noor Kashem	ı - Asst.	. Manager (HR c	and C	Compliance)		
H: Is further information available (if yes, please contact audit company for details)	☐ Yes ⊠ No						
I: Previous audit date:	Not Applicable						
J: Previous audit type:	Not Applicable						
K: Were any previous audits reviewed for this audit	ed Yes No						
Audit attendance	Management	Work	er Representativ	<b>1</b> /25			
Addit diferidunce			-				
	Senior management		er Committee esentatives	Unio	n representatives		
A: Present at the opening meeting?		⊠ Ye	es 🗌 No	☐ Y	es 🛛 No		

B: Present at the audit?	⊠ Yes	□No	⊠ Yes	□No	Yes	⊠ No
C: Present at the closing meeting?	⊠ Yes	□No	⊠ Yes	□No	Yes	⊠ No
D: If Worker Representatives were not present please explain reasons why (only complete if no worker reps present)	Not applica	ble				
E: If Union Representatives were not present please explain reasons why: (only complete if no union reps present)	There is no trade union at this facility, and it is not mandated by law. However, the representative of participation committee was present during opening & closing meeting.					

# Guidance

The Corrective Action Plan Report summarises the site audit findings and a corrective, and preventative action plan that both the auditor and the site manager believe is reasonable to ensure conformity with the ETI Base Code, Local Laws and additional audited requirements. After the initial audit, the form is used to rerecord actions taken and to categorise the status of the non-compliances.

N.B. observations and good practice examples should be pointed out at the closing meeting as well as discussing non-compliances and corrective actions.

To ensure that good practice examples are highlighted to the supplier and to give a more 'balanced' audit a section to record these has been provided on the CAPR document (see following pages) which will remain with the supplier. They will be further confirmed on receipt of the audit report.

# Root cause (see column 4)

Root cause refers to the specific procedure or lack of procedure which caused the issue to arise. Before a corrective action can sustainably rectify the situation, it is important to find out the real cause of the non-compliance and whether a system change is necessary to ensure the issue will not arise again in the future.

See SMETA BPG Chapter 7 'Audit Execution' for more explanation of "root cause".

# **Next Steps:**

- 1. The site shall request, via Sedex, that the audit body upload the audit report, non-compliances, observations and good examples. If you have not already received instructions on how to do this then please visit the web site <a href="https://www.sedexglobal.com">www.sedexglobal.com</a>.
- 2. Sites shall action its non-compliances and document its progress via Sedex.
- 3. Once the site has effectively progressed through its actions then it shall request via Sedex that the audit body verify its actions. Please visit <a href="www.sedexglobal.com">www.sedexglobal.com</a> web site for information on how to do this.
- 4. The audit body shall verify corrective actions taken by the site by either a "Desk-Top" review process via Sedex or by Follow-up Audit (see point 5).
- 5. Some non-compliances that cannot be closed off by "Desk-Top" review may need to be closed off via a "1 Day Follow Up Audit" charged at normal fee rates. If this is the case, then the site will be notified after its submission of documentary evidence relating to that non-compliance. Any follow-up audit must take place within twelve months of the initial audit and the information from the initial audit must be available for sign off of corrective action.
- 6. For changes to wages and hours to be correctly verified it will normally require a follow up site visit. Auditors will generally require to see a minimum of two months wages and hours records, showing new rates in order to confirm changes (note some clients may ask for a longer period, if in doubt please check with the client).

# **Corrective Action Plan**

	Corrective Action Plan – non-compliances								
Non- Compliance Number The reference number of the non- compliance from the Audit Report, for example, Discrimination No.7	New or Carried Over Is this a new non- compliance identified at the follow-up or one carried over (C) that is still outstanding	<b>Details of Non- Compliance</b> Details of Non-Compliance	Root cause (completed by the site)	Preventative and Corrective Actions Details of actions to be taken to clear non- compliance, and the system change to prevent re- occurrence (agreed between site and auditor)	Timescale (Immediate, 30, 60, 90, 180,365)	Verification Method Desktop / Follow-Up [D/F]	Agreed by Management and Name of Responsible Person: Note if management agree to the non- compliance, and document name of responsible person	Verification Evidence and Comments Details on corrective action evidence	Status Open/Closed or comment
Working condition are safe and hygienic ETI base code 3.1 and Bangladesh Labour Law 2006, Section 63(1) D (3):	New	It was noted through facility visit that randomly checked around 10% needle guard of sewing machine and around 15% eye guard of flat lock and overlock machines were found displaced from its position at sewing sections located at 2nd floor and 3rd floor of building 01.	☐ Training ☐ Systems ☐ Costs ☐ lack of workers ☑ Other – please give details: Lack of monitoring	It is recommended that the facility management should increase awareness to all worker regarding proper usage of machine safety guard.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)		
Working condition are safe and hygienic: 3.1 and Bangladesh Labour Rules 2015, Rule 67(2)	New	It was noted through facility visit and employees' interview that: a) 02 out of 02 fusing machine operators were not using PPE (heat proof hand gloves) in cutting section located at 3rd floor of building 01.	☐ Training ☐ Systems ☐ Costs ☐ lack of workers ☑ Other – please give details: Lack of monitoring	It is recommended that facility should ensure the proper use of PPE for the mentioned areas.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)		

		b) 06 out of 06 snap button machine operators were not using eye safety goggles in snap button area located at 3 <sup>rd</sup> and 4 <sup>th</sup> floor of building 01.						
Working condition are safe and hygienic: 3.1 and Bangladesh Labor Law 2006, Section-79(d):	New	It was noted trough facility visit and employee interview that Material Safety Data Sheet (MSDS) in local language (Bengali) was missing in printing section at ground floor of building 01.	☐ Training ☐ Systems ☐ Costs ☐ lack of workers ☑ Other – please give details: Lack of monitoring	It is recommended that facility should post safety data sheet in Bengali in chemical storage and usage area.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)	
Working conditions are safe and hygienic 3.1 and Bangladesh Labour law 2006, Section 62(4):	New	It was noted through facility visit that, randomly checked 03 out of 06 aisle marks and arrow marks found faded in sewing section located at 3 <sup>rd</sup> floor of building 01.	☐ Training ☐ Systems ☐ Costs ☐ lack of workers ☑ Other – please give details: Lack of monitoring	It is recommended that the facility should maintain clear aisle marks in the mentioned area.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)	
Working conditions are safe and hygienic: 3.1 and Bangladesh Labour Law 2006, Section 78 (2)	New	It was noted through facility visit and employee interview that eye wash station of spot removing area was found non-functional during audit periods located at 4th floor of building 01.	☐ Training ☐ Systems ☐ Costs ☐ lack of workers ☑ Other – please give details: Lack of monitoring	It is recommended that the facility management should ensure functional eye wash station in required area.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)	

Working condition are safe and hygienic ETI base code 3.1 & Bangladesh Labour Rules 2015, Rule 353 (1):	New	It is noted through site tour and factory's approved machine layout plan that the approved layout plan found mismatched with existing floor use. As the approved layout plan shows the knitting section located at ground floor of building 01 whereas the facility has removed knitting process from the factory premises and currently the areas are used for printing section.	Systems Costs lack of workers Other – please give details: Lack of monitoring	It is recommended that the facility should maintains proper approved layout plan accordingly as per rules.	60 days	Desktop	Yes - Mr. Md. Noor Kashem (Asst. Manager- HR & Compliance)		
---------------------------------------------------------------------------------------------------------	-----	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------	---------	---------	---------------------------------------------------------------------------	--	--

	Corrective Action Plan – Observations							
Observation Number The reference number of the observation from the Audit Report, for example, Discrimination No.7	New or Carried Over Is this a new observation identified at the follow-up or one carried over (C) that is still outstanding	<b>Details of Observation</b> Details of Observation	Root cause (completed by the site)	Any improvement actions discussed (Not uploaded on to SEDEX)				
Other issue areas 10B4: Environment 4–Pillar 10B4.10	New	It was noted from document review and management interview that, due to technical problem that the facility did not complete the SAQ (Self-Assessment Questioner) yet.	It is recommended that the facility should complete SAQ in periodic interval as per requirement.					

	Good examples						
Good example Number The reference number of the good example from the Audit Report, for example, Discrimination No.7	Details of good example noted	Any relevant Evidence and Comments					
Living Wages and Benefits: 5.1	Facility provides attendance bonus to all employees as per company policy.	Salary Sheet Review, employee and management interview					

Confirmation

Please sign this document confirming that the above findings have been discussed with and understood by you: (site management)  If actual signatures are not possible in electronic versions, please state the name of the signatory in applicable boxes, as indicating the signature.								
A: Site Representative Signature:		Title: Asst. Manager- HR & Compliance						
	Mr. Md. Noor Kashem	Date: 5 January 2023						
B: Auditor Signature:		Title: Lead Auditor and Team Auditors						
	Mohammad Abul Kashem, Mohammad Waliullah, Apurba Das and Nusrat Karim Turna	Date: 5 January 2023						
C: Please indicate below if you, the site	management, dispute any of the findings. No need to complete D-E, if no disp	utes.						
D: I dispute the following numbered non	-compliances: None							
E: Signed: (If <u>any</u> entry in box D, please complete a signature on this line)		Title Date						
F: Any other site Comments: None	F: Any other site Comments: None							

# **Guidance on Root Cause**

# **Explanation of the Root Cause Column**

If a non-compliance is to be rectified by a corrective action which will also prevent the noncompliance re-occurring, it is necessary to consider whether a system change is required.

Understanding the root cause of the non-compliance is essential if a site is to prevent the issue reoccurring.

The root cause refers to the specific activity/procedure or lack of activity/procedure which caused the non-compliance to arise. Before a corrective action can rectify the situation, it is important to find out the real cause of the non-compliance and whether a system change is necessary to ensure the issue will not arise again in the future.

Since this is a new addition, it is not a mandatory requirement to complete this column at this time. We hope to encourage auditors and sites to think about Root Causes and where they are able to agree, this column may be used to describe their discussion.

# Some examples of finding a "root cause"

### Example 1

Where excessive hours have been noted the real reason for these needs to be understood, whether due to production planning, bottle necks in the operation, insufficient training of operators, delays in receiving trims, etc.

### Example 2

A non-compliance may be found where workers are not using PPE that has been provided to them. This could be the result of insufficient training for workers to understand the need for its use; a lack of follow-up by supervisors aligned to a proper set of factory rules or the fact that workers feel their productivity (and thus potential earnings) is affected by use of items such as metal gloves.

### Example 3

A site uses fines to control unacceptable behaviour of workers.

International standards (and often local laws) may require that workers should not be fined for disciplinary reasons.

It may be difficult to stop fines immediately as the site rules may have been in place for some time, but to prevent the non-compliance re-occurring it will be necessary to make a system change.

The symptom is fines, but the root cause is a management system which may break the law. To prevent the problem re-occurring it will be necessary to make a system change for example the site could consider a system which rewards for good behaviour

Only by understanding the underlying cause can effective corrective actions be taken to ensure continuous compliance.

The site is encouraged to complete this section so as to indicate their understanding of the issues raised and the actions to be taken.
